

My name is Jan Nepela and I am the Bocce Club's Player Coordinator. I joined the Bocce club as soon as we moved here several years ago. I started out as a substitute player and I am now a full time player on one team and I captain a team of my own. I have enjoyed every minute of bocce. For me, it was a great way to meet new people, get some exercise and to enjoy some time in the sunshine.

I am a member of the Bocce Board and my role as Player Coordinator is to find a home for those members who want to join a league or to assist captains of leagues find players to fill their roster. I invite any member who is interested in being on a league, either as a sub or a full time player to contact me by phone or text message. I am looking forward to another fun bocce season (beginning on Oct. 3rd) and to meeting all of you this season. For those wanting to learn how to play the game, a free clinic will be offered on Saturday, October 22nd.
